The staff, in the school, at present, consists of 2 Secondary Grade and 7 Higher Elementary Grade teachers. Of the two Secondary grade teachers one is Headmaster. The staff is in charge of the nine classes mentioned above. In the event of opening the VIII Standard, an additional Secondary Grade teacher will be required. The Headmaster who is now taking the VII Standard will take the VIII Standard when it is opened and the additional Secondary Grade teacher to be appointed will be put in charge of the VI or VII Standard.

In the circumstances explained I request that sanction of the Government may kindly be accorded for the following:-

1) Opening of Standard VIII in the Polippu Fisheries School in June 1951.
2) Appointment of one Secondary Grade teacher in the scale of Rs.40-3-85 for a period of 10 months from June 51 to 31-3-52.

The estimate of expenditure is as follows:-

To A.S.

Please see the letter from the D.F. on pp.1-2 c.f. In April 1950, the Govt. sanctioned the opening of standard VII during 1950-51 and the employment of a Secondary grade teacher in the Fisheries Elementary School, Polippu, in South Kanara District. The D.F. has now submitted proposals for the opening of standard VIII in that school during June 1951 and for the employment of one Secondary grade teacher to handle the new class. His proposals are examined below:-

There are at present 9 classes upto standard VII and a staff of two Secondary grade teachers and 7 H.E. grade teachers are in charge of these classes. The present strength of the school is 255 and the D.F. has stated that it is expected to raise to 301 if standard VIII is opened in the school during June 1951. There are at present 23 students in standard VII and the Director expects 20 students for standard VIII in the event of that class being opened during 1951-52.

The D.F. has stated that in the event of opening standard VIII in the school during 1951-52 an additional teacher of Secondary grade will be required. His proposal thus involves a recurring expenditure of Rs.670/- and non-recurring expenditure of Rs.650 towards the purchase of desks, benches etc. during the year of introduction of the scheme.

The D.F. has therefore requested that his proposal for the opening of standard VIII in the Fisheries Elementary School, Polippu during 1951-52 and to appoint one Secondary grade teacher on Rs.40-85 p.m. and to incur a non-recurring expenditure of Rs.650/- may be accepted and treated as Part II scheme for 1951-52.

'Y' on p1cf

The Director of Fisheries has proposed that VIII[th] Standard class may be opened in the Polippu Fisheries School in June 1951. The extra cost involved is Rs 650 non-recurring and Rs 1,800 p.a. recurring. The recurring expenditure is towards the employment of an additional Secondary Grade Teacher, and will be Rs 670 in 1951-52

2. The necessity for the additional secondary Grade teacher is explained at 'X' in the Director's report on p1cf. Regarding the details of non-recurring expenditure furnished at 'M' on p2cf., it does not seem necessary to provide for an almirah on Rs 90 and a measure on Rs 50/-. No such provision was suggested by the D.F. last year in connection with his proposal for opening of VII[th] Standard in the same school. pl see p2cf. of G.O. 1471 Dent dt 12.4.50. Finance may accordingly suggest that the non-recurring expenditure be limited to Rs 500. ⊛

Finance notes on p 2 above may kee perused.

With regard to their remark at 'R' on p 2 above it is submitted that in an Higher Elementary School with classes upto VIII Standard the provision of an almirah would appear to be necessary to keep the records, reference books etc in safe custody. As the education imparted in the Fisheries School has a bias on Fisheries Science and technology the provision of a museum would also seem essential. Further the expenditure involved on these two items is only Rs 140 which is small. In the circumstances it is for orders whether this dept may press for the provision of these items of expenditure also. Finance may be requested to reconsider their view at 'R' on p 2 above.
